

Garnet Group Captive: Green Industry Captive

The insurance solution for the landscaping industry.

Green Industry Captive (GIC) is a member-owned group captive insurance program that provides workers' compensation, auto liability, auto physical damage, and general liability insurance to select landscape professionals throughout the United States. GIC was created for qualified employers with the goal of providing each participating employer ("member") with:

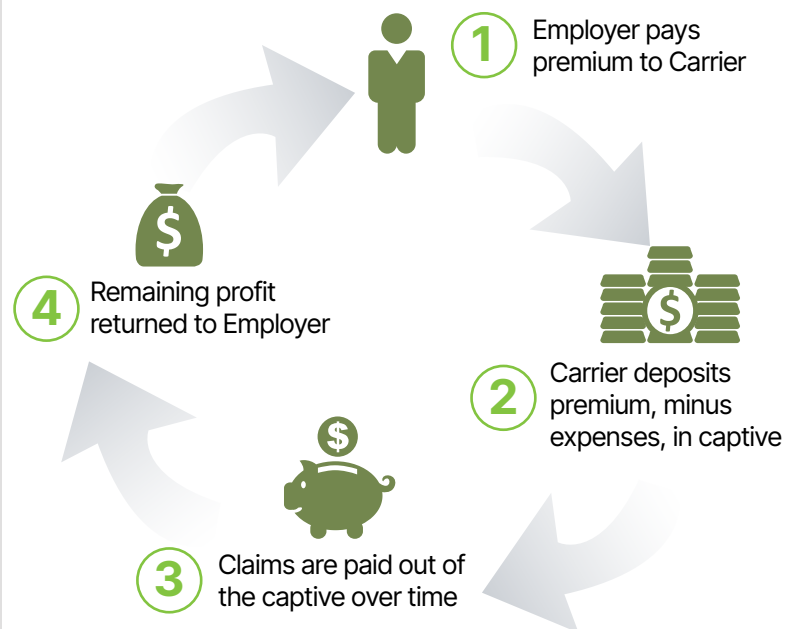

- Year-to-year pricing stability
- Decreased insurance costs
- Ownership & control
- Loss control tailored for landscapers
- Sharing of industry best practices & networking

GIC focuses the value proposition offered by Garnet's heterogeneous programs specifically to the best employers in the landscape industry allowing:

- Access to underwriting profit and investment income
- Stability in long-term insurance expense
- Partnership with best in class claims and loss control vendors
- A+ rating and licensed in all states

Landscapers who are currently paying a minimum of \$150,000 in combined traditional WC/AL/APD/GL insurance premiums are eligible for this program.

How it Works

How it Works

Retain

small and predictable claims: \$0 - \$50,000

Share

medium sized claims with group: \$50,000 - \$350,000

Transfer

catastrophic claims to insurance company: \$350,000 - unlimited

About Garnet Captive

Garnet Captive Services, LLC was founded in 2002 with the goal of providing group captive solutions for mid-sized employers. We partner with an established network of high quality insurance agents to deliver comprehensive group captive solutions specializing in workers compensation, general liability, auto liability, and auto physical damage.
